### PROFESSIONAL SUMMARY

UX/UI design-thinking, responsive web design and creation are my passions. Delighting users by creating UX/UI experiences that are inspiring, engaging, and memorable are what drive me and motivate me to do more. Experienced in Front-End and Back-End Technologies including: JavaScript/jQuery | CSS | HTML | Bootstrap | MySQL | MongoDB | Handlebars as well as REACT. Formerly a professional basketball player who brings a strong sense of teamwork, collaboration, diligence, leadership, and determination to meet and exceed the mission at-hand. I am focused and deadline oriented. I am extremely passionate about approaching programming and design challenges from different angles and collaborating with others to create value-driven web applications and products that delight users and keep them coming back. Being part of a fast-paced, quality-driven team building products that drive true value and increase user-adoption are truly inspiring to me.
